**GUEST LECTURER**  
Terry Giangreco, DDS, MS

### PRESENTER

**Terry Giangreco, DDS, MS** is a board-certified orthodontist with a transformative approach to airway management in Orthodontics. Educated at Rutgers University and the University of Buffalo, where he earned his dental degree, Dr. Giangreco completed his orthodontic residency at Northwestern University, earning a master's in orthodontics.

In his private practices in Rochester and Pittsford, Dr. Giangreco has integrated innovative techniques, revolving around patients' airways that enhance their care and outcomes. Many of his ideas are encapsulated in his book, "Beautiful Smiles, Inside and Out," which explores the critical relationship between dental structures and airway health, offering a fresh perspective on the future of Orthodontic care.

Dr. Giangreco's contributions have significantly impacted the field, emphasizing the importance of airway considerations in orthodontic treatment and inspiring practitioners to adopt a holistic view of dental health. His commitment to advancing the profession continues to resonate through his clinical practice, writing, and speaking engagements.

### COURSE DESCRIPTION

This lecture delves into the critical intersection of airway management and the dental practice, highlighting the role of dental professionals in diagnosing and treating airway-related issues.

Attendees will gain a comprehensive understanding of how airway obstruction impacts dental health, sleep quality, and overall well-being.

Through the integration of advanced imaging techniques, clinical evaluations, and treatment strategies, participants will learn to implement airway-focused approaches in their practices as well as working with many specialists for a team approach to patient care.

### COURSE OBJECTIVES

Upon completion of this session, attendees should be able to:

1. Understand Airway Evaluation
2. Identify Oral and Facial Signs of Airway Obstruction
3. Recognize Medical/Dental Symptoms of Airway Obstruction
4. Explore the Association Between Airway Obstruction and TMD
5. Learn Treatment Options for Upper Airway Obstructions and Sleep Apnea
6. Examine the Connection Between Sleep Apnea and ADHD

### CONTINUING EDUCATION

New York State Dental Foundation is an ADACERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

Concerns or complaints about a CE Provider may be directed to the provider or to the ADA CERP at

[www.ada.org/cerp](http://www.ada.org/cerp).

NYS Dental Foundation designates this activity for 7 continuing education credits.
