Join us for an exclusive event featuring three industry-leading experts in Invisalign® treatment and digital dentistry. Discover how to maximize your iTero™ scanner for efficiency and patient education, gain financial insights to optimize production and profit in your practice, and enhance your treatment planning skills with ClinCheck Pro 6.0 and 3D controls. This is your opportunity to learn innovative strategies, refine your workflows, and take your orthodontic practice to the next level!

Event Highlights:

- **Christopher Damurjian: Exploring the Benefits of iTero™ Oral Health Scanning for Efficiency and Patient Education**
 - Unlock the full potential of your iTero™ scanner to enhance patient engagement and streamline your practice. Learn practical strategies to integrate digital scans into patient discussions, improve case acceptance, and optimize workflows.
 - Enhance patient communication using digital scans.
 - Utilize iTero™ tools for treatment planning.
 - Implement efficient scanning workflows.
- **Nicole Rouleau: Production, Profit, and Invisalign® Clear Aligner Therapy**
 - Gain a clear understanding of your practice's financial health and discover strategies to maximize profitability while maintaining work-life balance. Learn how to optimize your Profit & Loss Statement, control costs, and increase efficiency for sustainable growth.
 - Analyze financial metrics to improve profitability.
 - Implement cost-effective strategies for growth.
 - Work smarter, not harder, to achieve business success.
- **Dr. Corey Anolik: ClinCheck Pro 6.0 and 3D Controls**
 - Enhance your treatment planning efficiency with ClinCheck Pro 6.0. Learn how to use 3D controls to refine tooth movements, modify arch shape, and optimize spacing with live updates, reducing the need for written CAD instructions.
 - Utilize 3D controls for precise treatment planning.
 - Apply efficient workflows for tooth movement adjustments.
 - Assess final treatment plans using a clinical checklist.

About the speakers:

Christopher Damurjian

Christopher Damurjian earned his biology degrees from Drew University and NYU, where he also completed his dental hygiene training and received the President's Award for Student Excellence. A Platinum Plus Invisalign provider, he practices in New York and New Jersey, prioritizing patient care and education. As an adjunct clinical instructor at NYU College of Dentistry, he is passionate about teaching and pediatric outreach. Christopher looks forward to sharing insights to enhance patient care and oral health education.

Nicole Rouleau

Nicole graduated Summa Cum Laude from Thomas College with a degree in accounting and began her career in public accounting before discovering her passion for dental finances. With over 22 years as a dental practice management consultant, she specializes in maximizing profitability for dental professionals. Nicole's expertise in production analysis and financial strategy helps practices achieve sustainable growth and a healthier work-life balance by working smarter, not harder.

Dr. Corey Anolik

Dr. Corey Anolik earned his degree from the Baltimore College of Dental Surgery and completed a residency at Albert Einstein Medical Center. A Fellow of the Academy of General Dentistry, he is a recognized top dentist in Washingtonian Magazine and serves on the board of the American Academy of Clear Aligners. He co-runs a fully digital private practice in Gaithersburg, MD, and is an Invisalign Platinum Provider. Passionate about education, he travels nationwide as part of the Align Global Faculty.

Clinical training provided by guest speakers reflects their own views and not necessarily those of Align Technology, Inc. Cancellation Policy: Registrants may cancel before 10:00 AM PT thirty (30) calendar days prior to the course to receive a full refund. Cancellations made after this time will be assessed their full registration fees. While no refunds will be given after the cancellation deadline, fees can be applied towards any future course offering. Contact your Align Sales Rep for support.
